Testimony regarding SB0650

My name is Christopher Duffy, I reside in New Britain, with my wife and children. I offer this testimony in OPPOSITION to bill SB0650.

Before even getting into factual details, first and foremost this bill should not have any standing nor support due to the fact that it violates both the Constitution of our Country, but the Constitution of our State as well. Taking away due process from a citizen is absolutely wrong. Any proposed law that is a "feel good" law, never does any real good. It is a harmful slap to the face of the citizens of the state, and a devious allowance of ignorance to be the basis of this proposed law.

Under research, which im sure this Board is well aware, this law would not help, or save, a single person. To allow a citizen to be found guilty without due process is a step backward. And will not ever have any intended outcomes. This bill would also be a very real danger to anyone who wrongly loses their firearms and permit, as the current wait time to be heard by the BPFE to get your permit given back is over TWO YEARS! This is not how a Government should treat its citizens.

I urge you to see the wrong that this bill would do, and vote against sending this any further than the public hearing it was given.

Sincerely
Christopher Duffy
